

CABIN DISINFECTION

Disinfects and deodorizes your vehicle's cabin in a safe and healthy way.

Let's face it; our car is almost like a "3rd" home to us. We eat in the car, ferry our family and children around, bring our pets onboard, make some deliveries and do some once in a while adventurous stuffs – we're talking about stuffs like off-roads and drivecations by the way. Think about the amount of germs like bacteria and fungi that could have accumulated over time for all the things we have done in the car, even after it has been cleaned up.

Pretty scary huh, but don't be. CLASANI's Cabin Disinfection is here to DISINFECT.

**NON
TOXIC**

Ride safe from germs and stay healthy.™

Benefits
