**DESIGN BY EXPERIENCE  
DRIVEN BY CHOICE.**

Bold projector headlamps

LED tail lamps

Nissan signature front grille

Stylish sunroof

### **INSPIRING DESIGN**

Whether you're commuting to work in the day or heading out for the night, the gorgeous sunroof and distinctive projector headlamps will light up your life. The alluring beauty and seamless character lines of the TEANA is sure to turn many heads along the way.

### **TODAY WILL CHANGE THE WAY YOU DRIVE. FOREVER.**

Whether you're commuting to work or carving through the scenic route, Teana makes it all feel extraordinary. Its latest generation Xtronic CVT transmission lets you ride a seamless wave of power, equivalent to a 8-speed automatic transmission. A new suspension puts you in touch with the road, while new technologies help you take the wheel with more confidence. It's all of these and more, in a sedan that truly redefines what it means to drive.

***WELCOME TO THE WORLD OF OMOTENASHI  
AND IMMERSE IN MODERN LUXURY***

## DISCOVER YOUR NEW COMFORT ZONE

Teana is designed with seats with comfort that's out of this world. No matter where you're headed, TEANA makes acclimating a breeze, keeping you comfortable and alert. Even when your commute seems longer than a trip to outer space.

- Zero gravity-inspired seats minimizes driving fatigue while keeping you comfortable, no matter what your body type.
- An exceptionally quiet interior keeps you focused, thanks to an advanced acoustic design and sound-absorbing materials.

## FEEL THE BEAT

Indulge in superb sound quality of BOSE system, which is equipped with subwoofer and 9 speakers around the car. Enjoy the powerful sound of music from all directions. The new design of quiet and undisturbed cabin allows you to relax with your favorite songs along the ride.

Nissan Intelligent Key allows you to lock and unlock doors, open the trunk and start the engine with the key inside your pocket. Enjoy the convenience of memory driver seat and start your engine with one simple push of a button.

Memory Seat

Intelligent Key

Push start ignition

Teana's Dual Zone Air-Conditioner lets you and your front passenger adjust the temperature to your ideal settings.

Choose to be entertained via CD or MP3 via USB and Aux-in ports.

Specifications may vary from image shown.

## **INNOVATIVE TECHNOLOGY**

Teana has reinvented itself with exciting innovations such as the Around View Monitor, Advanced Drive-Assist Display and latest generation Xtronic CVT. Paired with its new ZF Sachs Multi-link suspension and Active Understeer Control, the sedan promises a refreshing and dynamic driving performance with comfort and luxury.

*Specifications may vary from image shown.*

# THE NEW VISION

Park with confidence and finesse with Teana's Around View Monitor, which offers a bird's eye view of the vehicle and its surroundings in real-time via 4 cameras.

## AROUND VIEW MONITOR (AVM)

The system gives you around view monitoring with 4 cameras around the Teana to achieve virtual vision. Then the system will process and show the upper view through the touch screen monitor located in the central console in cooperation with front and rear sensors.

**1.** After shifting to reverse gear (R), the monitor will show the bird's eye view and rear view, along with the distance estimation line for convenience of driving in reverse.

**2.** The monitor will show a virtual image while driving in reverse. If there is any object near the Teana, the sensor signal and image will appear on AVM.

**3.** After shifting to driving gear (D), the monitor will change from rear view to front view. As a result, there is no need to worry about any object in an unseen position while driving in Nissan Teana.

**4.** If you are not sure whether or not you have park your vehicle close enough to the footpath, you may push CAMERA button on screen to change your view. The monitor screen will show passenger's side view instead of the bird's eye view

LANE DEPARTURE WARNING & BLIND SPOT WARNING

DRIVING INFORMATION

AUDIO DISPLAY

WARNING CONFIRMATION

BLUETOOTH CONNECTION

## HEADING: ADVANCED DRIVE-ASSIST DISPLAY

Teana gives you a new line of sight. So you can see faster and drive smarter.

Traffic jams. Dinner plans. With so much going on around you, it's easy to lose sight of what's most important: driving. From Lane Departure Warnings to Audio Display, the new Advanced Drive-Assist Display serves up info right in front of you - no more looking away. Plus, its intuitive 3-D depth and tilt design improves cognition, helping you take it all in quicker. So you can focus on what really matters

## CONQUER YOUR PATH

### Xtronic CVT

Say goodbye to fixed gear ratios and hello to a new kind of CVT. In the latest version of our CVT, friction is reduced by up to 40% and the ratio coverage is increased to greater than that of some 8-speed automatics. What does that mean behind the wheel? Better acceleration and fuel consumption, plus performance so smooth, its like riding a continuous wave of power.

### Advanced Rear Suspension

Teana's all-new rear multi-links suspension was designed for exceptional agility. You'll feel it especially in the corners, when the layout of the suspension allows the rear wheels to turn slightly to match the front - giving you the sensation of riding on rails.

Teana's rear suspension comes with ZF Sachs shock absorbers. The shocks use state-of-the-art valve technology to help control wheel hop and harshness, resulting in reduced transmission of vibrations to the cabin for enhanced body control and response, and a smooth, quiet ride.

### MR20 Engine

Experience a satisfying blend of refined power, superior drivability and low speed torque while enjoying greater fuel economy with this lightweight, all-aluminium engine.

### QR25 Engine

The 173PS 4-cylinder engine gives more than a spirited performance. A new intake system optimizes the opening of intake vales at high rpm to keep torque curve flat, giving you smooth power while contributing to excellent fuel

### VQ35 V6 Engine

What if your daily drive got an adrenaline boost? Teana's 3.5L & V6 engine not only gives you heart-pumping acceleration, but its Xtronic CVT features three modes for a more customized driving experience.

### Xtronic CVT with Paddle Shifters

Customize your ride with three modes. Pick Drive for everyday, Ds for a sportier "shift" feel or go hands-on with paddle shifters. Unique to the V6, the paddle shifters are mounted right on the steering column, putting precise shifting control at your fingertips. No clutch needed.

Blind spot warning indicator

### LANE DEPARTURE WARNING

If Teana detects that you are straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. So smart, the system is designed to stop the warnings whenever your turn signal is engaged.

### BLIND SPOT WARNING

If another vehicle is detected in your blind spot area, an indicator appears in the driver's or front passenger's doors and on the Advanced Drive-Assist Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.

### MOVING OBJECT DETECTION

Shift into reverse, and the Around View Monitor displays what's behind you. If it detects something moving by the rear of the Teana when you're in reverse, it gives a visual and audible alert. And whenever you want a wider rear view, just push the CAMERA button.

## INNOVATION THAT LOOKS OUT FOR YOU

Whether you are changing lanes on the highway or deftly manoeuvring your way into a parking spot, Teana's new Safety Shield Technologies take advantage of the rear view camera and act as a second set of eyes, giving you a whole new way to double check.

# CONFIDENCE AT EVERY TURN

## ZONE BODY CONCEPT

The zone body construction features highly evolved safety technology, including a clearly defined crushable zone to absorb and disperse impact forces, and a high-strength cabin safety zone dedicated to passenger protection.

## Vehicle Dynamic Control (VDC)

A slick spot in a corner can suddenly have you going in a direction you didn't want. VDC, also known as stability control, monitors your steering and braking to help you maintain your steered path under certain conditions by reducing engine output and/or applying brake pressure to specific wheels.

## Traction Control System (TCS)

Teana's power is wasted if all it does is spin the tires, so when the standard Traction Control system senses drive-wheel spin, it responds by reducing throttle or applying brake pressure to maintain traction.

## Hill Start Assist (HSA)

HSA prevents the car from rolling back when it is pulled off on the sloping ground. When you shift your feet from the brake pedal, the system will make the brake work continuously, thus the car can start smoothly. It also ensures safety and confidence when the car is stopped and pulled off on the hills or sloping area.

## HEADLIGHT CLEANER

Improve driving vision with headlight cleaner water injection to remove all dirt from headlights, hence clearer view all along your journey.

## ACTIVE UNDERSTEER CONTROL (AUC)

This innovative technology helps improve control when you take a corner. It reads the cornering situation and, if needed, will imperceptibly brake the appropriate wheel to help you steer through the turn.

## Anti-lock Braking System (ABS)

The standard ABS pumps the brakes faster than you possibly can in panic-braking situations, to help prevent wheel lockup, so you can continue to steer around obstacles while braking heavily.

## Brake Assist (BA)

If you need to slam on the brakes, Brake Assist sense how hard you're braking, and if it senses you are in an emergency, it will automatically help to apply maximum braking force.

## Electronic Brake-force Distribution (EBD)

EBD is designed to send extra force to the rear brakes when it senses additional weight in the back.

## Dual SRS Airbags, Side Airbags & Curtain Airbags

Protect you and the people you love with front and side SRS airbags, as well as curtain airbags in 6 points to absorb the impact for driver and front passenger, as well as to reduce impact from side collision.

Specifications may vary from image shown.

# LOVE THE NISSAN EXPERIENCE

## DUO PROGRAMME

DUO is a community specially created by the Tan Chong Group, dedicated solely for customers of Tan Chong. As a DUO member, you enjoy exclusive membership privileges and special promotional deals, everything from automobiles to lifestyle privileges. The DUO community hosts regular events and activities that allow the coming together and interaction between Tan Chong and its customers. Complete the Nissan Experience by signing up at [www.duo.com.sg](http://www.duo.com.sg)

## GENUINE NISSAN PARTS

While imitation parts are relatively cheaper, they are also inferior in quality and have shorter service life which may result in greater loss to you in the long run. Only **Genuine Nissan Parts** offer maximum performance and reliability, fulfilling the highest quality standards set by Nissan and come with a warranty for greater peace of mind. Quality that clearly makes a world of difference.

## NISSAN PREVENTIVE MAINTENANCE PROGRAMME

The **Nissan Preventive Maintenance Programme** is a comprehensive package competitively priced to offer you true value for money. Under this programme, all Nissan cars are maintained in accordance with Nissan's standard and quality so that they are kept in tip-top condition and serve owners well for years to come.
